2019 MLHC
Community Data Challenge Workshop
Required Preparation

To participate in the MLHC Community Data Challenge event, you must complete several steps by MONDAY AUGUST 5th

1. Complete this form to register and e-sign the U-M Responsible Data Use Attestation
2. E-sign the Philips eICU dataset Data Use Agreement (DUA)
3. i) If you have U-M affiliation, proceed to step 5, and ii) if you are not affiliated with U-M, click here to create a "friend account" to gain access to the online compliance training, iii) if you have CITI training or some other Human Research Subjects training equivalent, you may request a waiver via the PEERS system
4. Click this link to access the Program for Education & Evaluation in Responsible Research & Scholarship (PEERRS) training; if you have a friend account, fill out the form at the bottom of the page, copying "2019 MLHC Community Data Challenge" into the "Alternate HUM#" field; you may have to wait up to 2 business days for your account to be added to the PEERRS system before you can access the training
5. Log in to the PEERRS site and complete the "Human Subjects Research Protections" training module

If you have any questions regarding data challenge logistics or about any steps in the above process, please feel free to contact Jessica Bennett (kruejess@umich.edu).
